THE preceding Report contains a full statement of the financial transactions of the Town, for the year ending Feb. 2, 1863.

The amount of Assets received from various sources, including money hired and balance in the Treasury, Feb. 3, 1862, has been \$53,598.33. To this sum should be added \$3,227.57, the amount due from the State; making a total amount of Assets of \$56,825.90.

The Disbursements for the year have been as follows:—Amount of bills paid, including Bounties and Expenses to Volunteers, and State aid to families of same, \$29,206.35; State and County Taxes, Notes and Interest paid, \$20,515.18, amounting to \$49,712.53; to which add amount due from the State, \$3,227.57, and the balance in the hands of the Treasurer, Feb. 2, 1863, is \$3,876.80.

The amount of State aid is placed with the Assets, although not at present available. The amount of State aid received into

the Treasury for the year 1861 was \$550.93, being \$8.92 less than appears in last year's Report. The deduction was made by the State Auditor, on account of the difference of dates of certificates to the Selectmen, by officers at the camps, and those they returned to the State House.

The Debt of the Town, Feb. 3, 1862, was \$14,352.87. The present liabilities are \$36,247.55; from this deduct amount in the treasury, \$3,876.80, and amount due from the State, which leaves an actual debt, Feb. 2, 1863, of \$29,143.18—showing an increase in the past year of \$14,790.31. The causes of this increase are found in the disbursements to volunteers—the ordinary town expenses having been less than the average of previous years. While the town in its corporate capacity has been thus liberal, individuals in different sections of the town have also united their efforts and benefactions for the comfort of the soldiers in the field and in hospitals.

The table of Statistics relating to enlistments was furnished by the Chairman of the Board of Selectmen, and its details would have been more full, had the thought of presenting it occurred at an earlier date. We think it will be perused with interest, especially by those who have been called to mourn the loss of those who were precious to the domestic circles from which they were taken. In this connection the Auditors cheerfully acknowledge that the clear and systematic manner in which all the documents, presented by that gentleman, were kept, greatly aided them in their preparation of this Report.

The required inspection of the Almshouse and Town Farm has been made. They were found in a condition worthy of commendation—the same evidences of good management prevailing, as reported in previous years. A shed, 30ft. by 16ft., has been built the past year, much needed for the better protection from the weather, of carts and other implements. About four acres of pasture and woodland have been brought under cultivation by the present Superintendent, a part of which is now in grass. An orchard of fifty trees has also been set out, and is in a thriving condition. Besides the additional hay cut upon the farm the past year, 175 baskets of corn and 100 bushels of potatoes were raised. These improvements have been made without extra expense, the labor being performed by the Superintendent and men, when they could not be employed on the Highways.

In making the estimate of appropriations for the ensuing year, we were governed by the expenditures of the last, in the several items of ordinary Town expenses.

The books and accounts of the Selectmen and Treasurer were found correctly and neatly kept, and properly vouched.

Respectfully submitted by

J. FAIRBANK, }
S. EMERSON, } AUDITORS.

MILTON, FEB., 1863.

TOWN STATISTICS.

A full statement of the financial transactions of the Town for the year ending February 1, 1864, is exhibited in the preceding Report.

The amount of assets received, including money hired and balance in the treasury Feb. 2, 1863, has been \$65,751.20. To this sum add amount due from the State, \$4,214.48, and the total amount of assets will be \$69,965.68.

The Disbursements for the year were as follows: Amount of bills paid, including amount of State aid to families of volunteers, \$17,219.21; State and County Taxes, Notes and Interest paid, and amount paid to State Treasurer to equalize bounties to volunteers, \$45,187.15, amounting to \$62,406.36, to which add amount now due from the State, \$4,216.48, and there remains a balance in the Treasury Feb. 1, 1864, of \$3,344.84. The amount of State aid for 1862 received into the Treasury is \$20.66 less than the sum rendered by the Town. The deduction was made by the State Auditor, for reasons not fully explained.

The present liabilities of the Town and increase of debt are seen in the "Recapitulation of Town Debt." Although the current expenses of the year have exceeded those of the previous year, this excess has not probably been greater than the advance in the price of labor and of every article of consumption; taking this advance into the account, the ordinary expenses will not exceed the average of previous years.

The Town was also called upon to pay to the State the sum of \$2,936.17, to equalize bounties paid to volunteers. This was a draft upon the Treasury not anticipated.

The Auditors were requested by the School Committee to recommend an appropriation of \$6,500 for the support of schools, an increase of \$1,000 over the appropriation of the last year. In our opinion, the present condition of the finances of the Town will not justify so great an increase; and, further, we think that all citizens should cheerfully bear their proportion of the increased expenses of the Town. The other estimates are based upon the expenses of the last year.

The Alms-house and Town Farm, and Town's property connected with the same, were carefully inspected. They gave abundant evidence of careful and judicious management in every department. We regret to learn that the feeble health of the matron has induced the present efficient Superintendent to leave at the expiration of the present year.

The Poor and Highway departments are so connected, in the present system of repairing the Highways, that it is difficult so to separate the expenses, that the exact amount of each can be seen. By reference, however, to pages 15 and 17 of the Report, an approximation of the same will be found, which exhibits very nearly the expense of each.

We have appended to the statistics of the Town, the Report of the Milton Branch of the Sanitary Commission, as a subject of deep interest to the citizens. There are probably but few families in the community, from which some one relative or friend in the army has not been in some degree the recipient of this noble charity, either upon the battle-field or in the hospital. We trust the appeal of the managers for aid will be cheerfully and efficiently responded to. We also present a Financial statement of the County, as a subject of general interest.

The books and accounts of the Selectmen and Treasurer were found correct and properly vouched.

Respectfully submitted, by

J. FAIRBANK,	}	<i>Auditors.</i>

Twenty-one persons have been brought from other towns, by permit, for interment in Milton.

REPORT OF THE MILTON BRANCH OF THE SANITARY COMMISSION.

Mrs. F. CUNNINGHAM and Mrs. F. M. DAVIS, Managers, appointed for the Sanitary Commission by the New England Woman's Auxiliary Association, have kindly furnished the Auditors with their Report for the years 1862 and 1863. The Report states, that since the Branch has existed, there has been contributed, to January 1, 1864, the sum of

	\$4,014.68
Amount expended,	3,902.39

	\$112.29
--	----------

Balance on hand,

The Managers observe: "This money has been expended for material and expressage. Other sums have been contributed by various persons to pay for the making up of garments by women needing help. Of sums thus expended we can give no account. In addition to the money, a bale of flannel and several pieces of other goods, also yarn, socks and mittens, have been given."

The Auditors consider it proper to state, that the sum of \$204.79 was the proceeds of a Fair, by a few children at the house of Mrs. L. Cunningham, Milton Hill. Also the sum of \$107.30 from young persons at the Railway Village, the proceeds of dramatic exhibitions at the house of Mr. Hollis.

Other reports from different sections of the town have also been received, which are here condensed into one. The results of the whole are exhibited as follows:—

84 pairs Flannel Drawers	6 Sleeping Caps
1519 pairs Cotton "	34 Slings
790 pairs Woolen Socks	665 Bandages
12 pairs Cotton "	5 bbls. of Bandages
50 pairs Woolen Mittens	3 bbls. of Lint
84 pairs Slippers	62 Boxes "
885 Flannel Shirts	3 doz. Fans
554 Cotton "	1 Mosquito Net
34 Flannel Double Gowns	2 Kegs and 3 Bottles Pickles
42 Double Calico "	25 Cans Jellies
4 Wadded "	12 Pots Preserves
4 Goat's-Hair "	2 Jars Raspberries
679 Handkerchiefs	3 Cans Preserved Tomatoes
725 Towels	3 Cans " Beans
33 Napkins	56 Bottles Raspberry Vinegar
309 Sheets	31 Bottles Currant Shrub & Vinegar
19 Pillows of various sizes	2 Bottles Elderberry Wine
94 Pillow Ticks	6 Bottles Blackberry Syrup
259 Pillow Cases	1 Bottle Tomato Condiment
2 Bedquilts	1 Box Lemon Syrup
6 Comforters	2 bbls. Dried Apples
3 Vests	4 doz. Eggs
2 Havelocks	

Farina, Chocolate, Cherry Brandy, Ravelenta, Soup, Cologne, Jellies and Shrubs, in abundance.

Compresses, old Linen Coats, Pants, Vests, Sheets, Pillow Cases, Towels, Handkerchiefs, &c., in large quantities.

Books, Newspapers and Pamphlets.

Eight bbls. Fruit and Vegetables, for Morris Island.

One bbl. and 1 large box containing Pillows, Pillow Cases, Bed-quilts, Bed Linen, Shirts, Dressing Gowns, Socks, Mittens, Bandages, Lint, Compresses, Books, Papers and Stationery, sent to the Sanitary Rooms, Boston.

One box containing Shirts, Pillow Cases, 1500 bunches Lint, 235 Bandages and other useful articles, to Dr. Miller.

One box containing 65 Shirts, 250 Bandages, 1200 bunches Lint, and a large quantity of Compresses, to F. Mann, at the Hospital.

Also, Socks, Towels, Bandages and Lint, sent in a box to Dr. Cushing. In addition to the above, 25 pairs Woolen Socks have been knit for Mrs. Harrison Gray Otis, of Boston; and 75 Shirts and 75 pairs of Drawers, for the Sanitary Commission. Other work has been taken from the Sanitary Rooms, the amount of which is not reported.

The Managers in their Report express their gratitude to the several circles in the different sections of the Town, who have labored so cheerfully and assiduously in the good cause. We regret that we are not able to give the Report in full; we can find room only for the closing remarks. They say:

"It will be seen by the foregoing statement, that the amount still in the treasury is small. We have, however, a considerable quantity of material on hand, and shall be able to meet present demands for work. It is evident that without new contributions our work must stop. The excellency of the charity is no longer questioned, or the mode of applying it. We ask for pecuniary aid. We ask also for help from all parts of the Town in making up garments. Any aid, however small, will be joyfully accepted. And surely those who can do but little, are not thereby excused in not doing anything. We hope that we may be able to continue to have work ready to be given out on Thursdays, from 9 till 1 o'clock, at the house of Mrs. F. Cunningham, Milton Hill. We constantly have Reports sent from Boston, New York, &c, which we are anxious to circulate among those who are interested in the cause."

T A X E S

Increase of Town Debt in 1864		\$1,345.30

THE difficulty of arriving at even an approximation to the amount of money needed by the Town, in the fluctuating condition of everything connected with present financial operations, has induced the Auditors to omit the usual “ Estimate of Appropriations.” The estimate presented last year was thought sufficient to defray ordinary expenses, but, by reference to the Report, it will be seen that some of the departments have largely exceeded the appropriations. We therefore leave this matter to the decision of the Town.

By referring to the preceding pages, it will be seen that the whole amount of assets, including the balance in the Treasury Feb. 1, 1864, and money hired, has been \$86,862.64; add to this sum the amount due from the State, and the total amount will be \$90,319.64.

The Disbursements have been as follows: For bills paid for ordinary current expenses, \$16,282.21; for State Aid, Bounties to Recruits and Recruiting expenses, \$11,727.50; Notes, Interest and Policies paid, \$42,986.50; amounting to \$70,996.21. Add to this sum the amount now due from the State, \$3,457.00, and a balance will be found in the Treasury, Feb. 6, 1865, of \$15,866.43, as exhibited on page 30.

The balance in the Treasury, Feb. 1, was \$9,670.36; but at that date the amount of the corporation tax, \$6,196.07, was received by the Treasurer, making a balance at the end of the fiscal year as above stated. This surplus he immediately applied to the reduction of the town debt; this, with the ordinary drafts upon the Treasury, leaves the balance, on March 1st, proportionably re-

duced. There has also been received from the State the Premium for Recruits, \$140 for 1863. The premium for 1864 has not yet been paid.

The amount of State Aid received from the State for 1863 is \$114.48 less than the account rendered, the State Auditor requiring explanations in regard to some of its details, but stated that ultimately it would be paid.

By a vote of the Town at a special Town Meeting, March 30, 1864, a sum not exceeding \$2,300 was appropriated to reimburse moneys raised by subscription, and expended for recruiting purposes. In accordance with this vote the Reimbursement Tax was assessed, and the sum thus raised, \$2,125.00, was placed in the assets of the Town. The sum of \$2,100.00 was applied to reimburse the subscribers, \$15.00 to defray the expenses of collecting and paying the same, and the balance, \$10.00, returned to the Treasury.

The increase in the Town debt has been \$1,345.30. This is a smaller increase than might have been anticipated, taking into account the heavy drafts upon the Treasury for Bounties paid to recruits, in connection with the present high prices that prevail in labor, material and articles of consumption.

In the inspection of the Almshouse, ample evidence was apparent that the same judicious management reported in previous years was continued. Order, neatness and attention to economy were visible, both in the house and about the premises. The few inmates were comfortably clad, and apparently happy.

The books and accounts of the Selectmen and Treasurer were examined, and found correct and properly vouched.

The Auditors hereby respectfully submit a full statement of the financial transactions of the Town for the year just closed. They think the citizens, after a careful examination of the Report, will accord to the disbursing agents generally, a due attention to economy, although in one or two departments there may be the appearance of a lavish expenditure.

Should the citizens fail to receive the Report at as early a day as customary, we would state, that with more matter to arrange, the time for its preparation has been one week shorter than usual, the fiscal year not closing until Feb. 6.

Nineteen persons have been brought from other towns, by permit, for interment in Milton; and twenty-three persons have been removed from Milton for interment in other places.

REPORT OF THE MILTON BRANCH OF THE SANITARY COMMISSION FOR THE YEAR 1864.

Money received,	\$3,885.19
Balance on hand (Jan. 1, 1864),	112.29
	<hr/>
	\$3,997.48
Amount expended,	3,988.25
	<hr/>
Balance on hand,	\$ 9.23

This sum has been collected by private subscriptions, and from private theatricals, at Town Hall, which gave \$731.32

Mr. Cook's Concert, 30.00

Child's Fair on Milton Hill, 257.85

Child's Fair at Railway Village, 170.70

Woman's poll tax, 241.00

As far as possible, this includes what has been done in all parts of the Town.

Articles made.

Flannel shirts,	1,293	Towels,	143
Cotton "	489	Pillow cases,	19
Pairs of flannel drawers,	18	Cushions,	142
" cotton "	1858	Slings,	123
" socks,	301	Quilt (by Mrs. Morton),	1
" slippers,	31	Flannel double gown,	1
" mittens,	2	Caps,	24
Handkerchiefs,	1,088	Bandages,	287

Quantities of old cotton and linen, dried fruit, 160 fans for Readville, and a large donation for Readville at Thanksgiving.

The Managers are greatly indebted to the various Societies for sympathy and aid, and also to the several children's circles, where they have worked zealously throughout the year.

The third Religious Society, in Dorchester, have worked constantly for us, and deserve our especial thanks.

Fairmount has joined us this year, generously contributing both time and money.

The Managers beg to have continued aid, both from *givers* and *workers*, while the necessity lasts, which they earnestly hope will not be long.

(Signed)

MRS. F. CUNNINGHAM,
MRS. W. DAVIS.

THE Auditors hereby present a full statement of the financial transactions of the town for the year just closed, which is respectfully submitted.

EDW'D J. KENDALL, }
 JOSIAH FAIRBANK, } *Auditors.*
 SIMEON EMERSON, }

The total amount of Assets has been \$106,231.49. This amount includes the balance in the Treasury Feb. 6, 1865, and the receipts from the various sources during the year.

The Disbursements have been for the following purposes : For bills paid for ordinary current expenses, \$17,121.77 ; for State Aid, Bounties, and Extra Expenditures in the School and Highway Departments, \$6,312.03—amounting to \$23,433.80, amount of bills paid. For State and County Taxes, \$21,148.84 ; Notes, Interest and Policies paid, \$51,916.82—amounting to \$73,065.66 ; leaving a balance in the Treasury Feb. 5, 1866, of \$9,732.03.

The indebtedness of the Town at the close of the fiscal year was \$32,406.98, an increase of \$440.75 from last year. The heavy drafts upon the Treasury for purposes incident to the war having mostly ceased, a reduction was anticipated. Unexpected demands, even for necessary outlays, are of frequent occurrence ; and these have been more numerous the past year than usual, increasing the expenses, and preventing that result.

The ordinary current expenses annually increase. By an examination of the various expenditures found in the body of the Report, it will be seen that the high prices of labor and material contribute largely in causing this increase. Another cause may be found in the increased demand for construc-

tion and repairs. In the Highway Department the amount of outlay for repairs of bridges and culverts in different sections of the town, was \$611.72. These repairs were rendered necessary to preserve the roads, and secure safety.

The items under the heading of Extra Expenditures in some of the departments, having been subjects of comment, an explanation seems proper. Under an act of the General Court, the "Granite Bridge Corporation" surrendered their franchise to the County Commissioners, and they laid out the same as a public highway. By an arrangement with the Selectmen of Dorchester and Milton, the Commissioners have built a substantial bridge, with abutments of stone and solid masonry, that will not require an annual outlay from the Town for repairs.

The whole work of preparing the sidewalk, over Milton Hill, for the covering of gravel, was done by the abutters. The walk was excavated six feet wide and one foot deep; filled first with large stones, and levelled with small ones about eight inches, and filling up with gravel supplied by the Town. On the steep part of the ascent, drains were made through the bank, or holes sunk below the reach of frost and filled with stone. The abutters also made culverts under the walk, and graded those parts not excavated; received and spread the gravel, and carted away all remains of stone and earth. Their expense was \$916. The walk is 5,310 feet in length, and 10 feet in breadth.

As these structures are of a durable character, which will not require frequent expenditures for their support, they were separated from current expenses. Whatever may be thought of the expediency of their construction at the present time, it will be admitted that they are improvements much needed.

The item of War Expenditure is not connected with the ordinary transactions of the year, but was placed with them for purposes of convenience. It exhibits the total amount expended by the town for war purposes, from 1861 to 1865 inclusive; also the amount of reimbursements from the State and other sources that came into the treasury during the same time. There are balances of each of the several years, due for State aid, amounting at the present time to \$219.46, that are not brought into the account, not being yet adjusted. Deducting this war debt from the total indebtedness of the town, would leave, at the date of this report, a debt of \$4,645.39 for legitimate town purposes. This is \$8,619.88 less than the debt at the commencement of the war in 1861—the debt at that time being \$13,265.27.

At the Almshouse the Auditors were gratified to find that judicious management and attention to neatness and economy were apparent throughout the whole establishment.

The books and accounts of the Selectmen and Treasurer were found correct and properly vouched.

For the Auditors,

MILTON, Feb. 28, 1866,

J. FAIRBANK.

Balance on hand	\$219.59

Total number of Articles made during the year, 2,351.

Cash received in 1862, '63, '64 and '65, \$8,962.47

Total number of Articles made in the Four years, 15,069.

The Managers, in making this, their final report, offer to all those who have so liberally aided in this good cause, their grateful acknowledgments. Through their generosity and ready help our town has been enabled to do at least its full share, as will appear in the foregoing summary of what has been done in all the years since the formation of the branch.

They hold themselves in readiness to aid, to the extent of the funds left in their hands, any of our returned soldiers, or the families of those who have fallen; and they beg to be informed of any case of want.

(Signed)

MRS. F. CUNNINGHAM,
MRS. W. DAVIS.

" " left	2
" " remaining in the house Feb. 4, 1867	6

Remaining in the Almshouse.

Elisha Wells	aged 84 years.
James Snow	" 70 "
Oliver N. Thompson	" 77 "
Ellen Crane	" 41 "
Charles Walker	" 58 "
Simon Ferry	" 60 "

In addition to the persons mentioned, there was one admitted Nov. 2, 1866, left Jan. 31, 1867; and one, Dec. 10, 1866, left Jan. 4, 1867; also 184 transient persons have been furnished with food and lodging.

HIGHWAY DEPARTMENT.

In accordance with a vote of the town passed at the last March meeting, the Surveyors divided the town into three equal sections, assigning a section to each Surveyor, as follows: Centre, South-eastern, and North-western. Each Section contains thirteen miles of road—there being thirty-nine miles of road in the town.

SURVEYORS' REPORTS ON HIGHWAYS FOR THE YEAR ENDING FEBRUARY 1, 1867.

Centre Section—Consisting of the old Taunton road from Canton line to Milton village, thence over Milton Hill to Union Square, School street, the Randolph turnpike, from the village to Cemetery corner, thence to the Hay-scales, the Churchill lane, Back lane, High street, from Taunton road to Turnpike, and Harland street.

Labor performed by Town Teams and Men.

	<u>\$ 4.30</u>

NEW CEMETERY.

At the last March meeting it was voted to appropriate the sum of \$300 for the new Cemetery, adding the balances of the appropriations of the three last years that were not used, amounting to \$379.71, making the appropriation for the current year \$679.71.

It was also voted, that the Committee on the new Cemetery be entrusted with the entire care of the same, "with directions to expend the sum appropriated by the town, and as much more as they can raise by subscription, or may receive in any other way, . . . always in strict reference to former votes of the town on this subject."

Amount drawn from the Treasury.

Appropriation;	\$679.71
Excess of appropriation,	207.95
	<u>\$887.66</u>

Amount uncollected	46.00—792.39
	<hr/>
Am't of expenditures over appropriations .	\$95.27

The amount of cash on hand (\$66.68) is in the hands of Mr. Cunningham, the Chairman of the Committee, the collection of which was neglected until too late for this report.

The Committee have paid into the treasury of the town for the sale of nine Lots, two hundred and twenty-five dollars (\$225). This amount, it was supposed, could be used in the work on the Cemetery, and relying upon this as a part of their available means, they have overdrawn the appropriation to the amount of \$95.27. In paying this into the treasury they have followed the decision of the Selectmen—and also their own judgment, as to the best course. The Committee gratefully acknowledge the donation of Five Hundred Trees, of various kinds, from our fellow citizen, Edward Cunningham, Esq., for the adornment of the Cemetery, only a part of which have yet been used. They would also make the acknowledgment of donations of trees and shrubs from other citizens.

It is believed that the expenditures in the Cemetery during the year have been wisely and judiciously made. It is but the commencement of what is hoped may be continued from year to year. Our Cemetery is a beautiful and a hallowed place, in which every family and every individual is interested; without any needless or extravagant expenditures it should receive constant and careful attention; and to meet this, in the judgment of the Committee, we should depend upon appropriations from the town, and upon private subscriptions.

The number of Lots is limited; it is thought that we have not more than enough to meet the wants of the citizens. The Committee therefore doubt the propriety of disposing of Lots to non-residents or of allowing more than one lot to a family.

At the suggestion of Francis Cunningham, Esq., who most faithfully discharged the duty of Chairman until his departure for Europe, and fully concurred in by the Committee, we would recommend the removal of the wall between the old and new Cemeteries, perhaps as far as the Hearse House, shading the tombs thus exposed by groups of evergreens; and also that the care of both Cemeteries be entrusted to the same Committee.

To keep up the work already begun, and to make needed improvements, an appropriation of Five Hundred Dollars is recommended for the ensuing year.

Respectfully submitted,

A. K. TEELE,
G. K. GANNETT,

For the Committee.

THE Auditors have examined the books of the Treasurer; and accounts of the Selectmen, from which the preceding Report is compiled, and find them correct and properly vouched. All of which is respectfully submitted.

EDW'D J. KENDALL,	} Auditors.
JOSIAH FAIRBANK,	
SIMEON EMERSON,	

GENERAL REMARKS.

THE preceding pages comprise a minute statement of the financial transactions of the town for the year ending Feb. 4, 1867.

RECEIPTS.—The receipts for the fiscal year ending February 4, are for amount raised by taxation and overlayings, \$25,330.36—for amount received from the State for State Aid and Corporation tax, \$6,824.33—for money hired, \$32,368.66—for State and County taxes, \$14,839.64—from all other sources, \$1,174.28; amounting to \$80,537.27. Add to this sum \$9,732.03, balance in the Treasury Feb. 5, 1866, and the total amount of assets for the year is \$90,269.30.

DISBURSEMENTS.—The disbursements have been for orders on the Treasurer for payment of bills, \$29,154.23—for State and County taxes, \$14,839.64—for Notes and Interest paid, \$34,301.39; amounting to \$78,295.26;—leaving a balance in the Treasury of \$11,974.04.

TOWN DEBT.—The Town Debt at the close of the fiscal year was \$28,711.76—making a reduction during the year of \$3,695.22. This is a smaller reduction than was contemplated when the appropriations for expenditures were made. But the drafts upon the Treasury to meet contingent expenses, the continued high prices of labor and material, and a much larger amount paid for State Aid, have prevented this result.

SCHOOLS.—The expenses in this Department have been increased by the establishment of the High School, and exceed the appropriation to the amount of \$431.61. This was anticipated, even to a larger amount, but we think will be cheerfully approved by the citizens, in view of the important benefits to be derived by this addition to the educational privileges of the town; the education of our children being deemed, next to good deportment and moral attainment, of primary importance.

HIGHWAY DEPARTMENT.—It will be recollected that at the last March meeting, a movement was made to introduce a new mode of repairing the highways, but which resulted in the continuance of the former system, somewhat, but not materially modified. It was also recommended that each Surveyor select a particular portion of his section of road, of a mile in extent, and repair the same in accordance with the plan advocated. It is very evident, that by devoting a large outlay on a particular portion, a striking contrast would be apparent. The Surveyors doubted the wisdom of this policy, even as an experiment, especially as they could not do it, without neglecting other portions, limited as they were, by an appropriation barely sufficient to keep the whole extent of highways in good condition for public travel. This, we believe, they have done, so that our roads and streets, as a whole, continue to compare favorably with other towns in the vicinity. The *current expenses* have been less than the appropriation. We think the balance might have been expended on the side-walks in some localities, to much advantage—certainly much to the comfort of pedestrians.

Those outlays that were not for ordinary repairs, but *contingent*, and could not have been contemplated in making the appropriation, are placed under the heading of "Extra Expenditures."

At the time the County Commissioners assumed the franchise of the "Granite Turnpike," they laid it out as a Public Highway, naming it "Granite Avenue;" and it was by their order that the outlay in the first item was made.

The outlay on "Quincy Turnpike" was made by "Order of Court," in consequence of the towns of Quincy and Milton being indicted for the alleged unsafe condition of that portion of the road over the marshes. About forty rods of this portion are within the limits of Milton; and it was for the widening of this short distance of road, that the town was subjected to the expenditure in the second item.

The whole expense for cutting down Milton Hill, opposite the estate of J. W. Brooks, Esq., was about \$1,100. Of this sum, the town paid \$450, and the balance was paid by that gentleman.

In regard to the last item, whatever may have been thought of its expediency, the good condition of Fairmount Avenue after the recent freshet, compared with the damage to roads in other parts of the town, is evidence that the expenditure was judicious, and has probably saved a much larger outlay for repairs. Were the

gutters on some other hills in town, paved, it would also be a judicious outlay in saving expense.

POOR DEPARTMENT.—By reference to the Report, it will be seen that the amount for labor by Superintendent, men and teams, is placed under “Income from Poor Department.” This was deemed the appropriate place, and will make more plain, if possible, the propriety of charging the Highway Department with this amount, as it was performed for the benefit of this Department; and crediting the Poor Department with the same,—all the expense of paying, boarding, &c., being charged to this Department. The statement shows a favorable result. After adding \$200 (*see Note, page 17*) it gives \$392.04 as the whole expense of Poor at the Almshouse for the year, including the 184 vagrant persons who have had food and lodging.

The Auditors, in their inspection of the premises, found the same evidences of faithfulness and good management on the part of those who have the care of the House and farm, as reported last year.

STATE AID.—The payments for State Aid had diminished to \$2,062.00 in 1865. But the legislation of the State the last year enlarged the number of applicants, so that in 1866 the payments amounted to \$4,464.00. This sum is now due from the State; also balances of previous years, not adjusted, to the amount of \$281.46. As the payments were made in compliance with the requirements of the statute, these balances may be expected.

CONCLUSION.—The expenses for the year have been large; but the Auditors, having carefully examined all the bills presented to them, believe the disbursing agents of the town have faithfully discharged their duties, and that no funds have been misapplied.

Respectfully submitted, for the Auditors,

J. FAIRBANK.

TOWN STATISTICS.

TOWN OFFICERS OF MILTON

FOR THE YEAR 1866-67.

Selectmen, Assessors, Overseers of the Poor and Surveyors of the Highways.

STILLMAN L. TUCKER, SAMUEL COOK, JOHN H. BURT.

							<hr/> 71

Of the whole number of parents there were:—

American	69
Irish	66
Scotch	5
Canadian	1
English	1
	<hr/> 142

There were two pair of twins — both of foreign parentage; one pair both males, the others both females.

MARRIAGES.

The whole number of marriages registered was 28, as follows:—

1866.

- Jan. 1—George S. Russell and Mary Blackman, both of Milton.
 Jan. 18—John Bunting of Philad., Pa., and Anna E. Webster, of Milton.
 Mar. 21—Thomas L. Pierce and Rhoda Darby, both of Quincy.
 April 1—Dennis M. Scannell and Mary Whelan, both of Milton.
 April 10—Jotham Post, of New York City, and Eliza D. Chapman, of Milton.
 April 29—Dennis Ward and Ann Melley, both of Milton.
 April 30—James Donahue, of Weymouth, and Isabella Daley, of Milton.
 May 24—John Ritchie, of Boston, and Caroline S. Poole, of Milton.
 May 27—John M. Campbell, of Dorchester, and Sabina Mullen, of Milton.
 June 1—Richard Lary and Rachel Wigley, both of Milton.
 June 7—Joseph H. Twitchell, of Boston, and Harriet A. French, of Milton.
 June 20—Elisha S. Chapell, of Boston, and Susan A. Hebard, of Milton.
 Aug. 31—Fergus A. Easton and Jane Geddes, both of Milton.
 Sept. 4—Samuel Brown and Jane Reynolds, both of Milton.

Sept. 9—Joseph B. Sias, of Milton, and Abbie McFadden, of Bath, Me.
 Sept. 13—T. E. Ruggles, of Milton, and Harriot W. Murray, of Newport, R.I.
 Sept. 19—Thomas Watson, Jr., of Boston, and Sarah A. Bradlee, of Milton.
 Oct. 3—William Hockaday and Sarah E. King, both of Milton.
 Oct. 9—James E. Bronsdon, of Milton, and Delia S. Sanborn, of Brookline.
 Oct. 22—S. H. Hutchinson, of Fitchburg, and Lizzie Black, of Dorchester.
 Oct. 25—Patrick H. Rooney, of Milton, and Bridget M. Cook, of Dorchester.
 Nov. 1—J. Walter Bradlee and Nellie M. Morse, both of Milton.
 Nov. 14—George M. Davenport and Sarah F. Pickering, both of Canton.
 Nov. 22—Joshua Sumner, of Provincetown, and Lizzie J. Lawson, of Milton.
 Dec. 4—Geo. Long, of Newbern, N.C., and Emma L. Wadsworth, of Milton.
 Jan. 6—John Corrigan and Bridget McCahey, both of Milton.
 Feb. 11—John B. Burns and Catharine Clark, both of Milton.
 Nov. 15—John Kennedy and Mary Downey, both of Milton.

 REVIEW.

THE Auditors send out the THIRTIETH ANNUAL FINANCIAL REPORT of the Town. A generation has passed since the publication of the first Report; and it may be both interesting and profitable to note the changes that have taken place during that period, in the financial operations of the town. *Progress* certainly has been made in one direction—in the increase of expenditures. But this has been followed by corresponding *improvements*; especially in the standard of religious and educational advantages; in the condition of roads and streets; in the provision made for the support and comfort of the poor; and in other particulars that will readily occur to the reflecting mind.

In the fifteenth annual Report is an "Abstract of the Receipts and Expenses of the Town for the last fifteen years, showing the Amounts raised by Vote of the Town, and from all other sources—

the Sums expended for the support of Schools, and the excess of the Receipts or Expenses for each Year."

This was compiled in tabular form from the previous printed Reports, by E. G. Tucker, Esq., then a citizen of the town, and one of the Auditors. It was the intention of one of the Auditors to prepare a similar table for the succeeding fifteen years for this Report; but a personal injury followed by sickness prevented when he had leisure. An abstract, however, of the several *decades* of this period may assist in a review.

From the first Report, 1837-38. Receipts—The amount received by vote of the town, was \$4,000. From other sources, including "Surplus Revenue," \$4,060.51. Total receipts, \$8,060.51. Expenses—For Schools, \$1,649.65. All other expenses, including cost of building Town House, \$7,635.10. Total expenses, \$9,284.75. Excess of expenses, \$1,224.24.

Report for 1847-48. Receipts—Amount received by vote of the Town, \$7,000. From other sources, \$477.33. Total receipts, \$7,477.33. Expenses—For Schools, \$2,306.81. Other expenses, including building North School House, \$8,706.72. Total expenses, \$11,013.53. Excess of expenses, \$3,536.20.

Report of 1857-58. Receipts—Amount received by vote of the Town, \$14,000. From other sources, \$1,094.58. Money hired, \$8,400. Total receipts, \$15,094.58. Expenses—For Schools, \$4,779.99. Other expenses, \$9,870.72. Total expenses, \$14,650.71. Excess of receipts, \$445.87.

In the thirtieth Report, the same items stand, Receipts by vote of the Town, \$25,330.36. Other sources, \$7,998.66. Total receipts, \$33,329.02. Money hired, \$32,368.66. Expenses—For Schools, \$9,582.66. Other expenses, \$19,571.57. Total expenses, \$29,154.23. Excess of receipts, \$4,174.79. Balance in the treasury at any time, is not added; State and County taxes are not included; money hired is shown, but not brought into the account. Difference between amount of expenses of 1837 and 1847, \$1,728.78. Difference of same between 1847 and 1857, \$3,537.18. Difference of same between 1857 and 1866, \$14,503.52.

These statistics present no cause of *fault-finding*, but rather of gratulation to those who examine them with *candid* intentions. A Town House (not magnificent, to be sure, but suitable for the purposes of its erection), a convenient Almshouse, barn and sheds, and five commodious school houses, have been built during the period under review. More might be said if space would allow.

With good preaching, good society, good schools, good roads, a good almshouse, with good care of the poor, the citizen may well say, "surely I've a *good-ly* heritage."

		\$852.25
Uncollected, 1866	10.00	
Uncollected, 1867	35.50	
Cash on hand	20.07	\$65.57

In the report of the Cemetery for the year, it becomes our painful duty to record the death of FRANCIS CUNNINGHAM, Esq., Chairman of the Cemetery Committee.

The present good condition of the Cemetery must be attributed, in no small degree, to the impulse given to the work by our late Chairman; who devoted the zeal and energy of an earnest purpose, together with the nice suggestions and proper executions of a refined taste, to the duty of rendering pleasant and beautiful the place where rest our dead.

During the year much time has been given, necessarily, to carrying out the plans and finishing the work commenced last year.

The avenues and paths already opened have been carefully attended to. The lots, borders, and lands contiguous to the avenues, have been properly cleared of weeds and grass. Breaks in the hedges have been filled up with living plants, and a large number of deciduous and evergreen trees have been planted.

Thus no small part of the expenditures has been devoted to the work of giving a neat and becoming appearance to this hallowed place.

An unusual amount of labor has been performed in the Old Cemetery. The whole territory has been twice mowed and the avenues carefully cleaned. The doors of all the Tombs have been painted. Many of the Tombs have been graded and covered with fresh green sods, and by the removal of superfluous shade, have been opened to the sun.

The expense upon the Tombs, in most cases, has been met by the owners; but aside from this, the sum expended on these grounds greatly exceeds the income of the Amory Fund.

The Committee have commenced the removal of the wall between the Old and New grounds; and also the construction of a drain, which will not only receive the stones of the wall, but, it is hoped, will draw the water from the Tombs near by, and render available many Lots in the new grounds now unfit for use.

In this work the Committee have cheerfully given their time and thoughts, and for its maintenance they earnestly solicit the attention and interest of their fellow citizens.

For the necessary work of the ensuing year, the Committee respectfully recommend an appropriation of (\$500) five hundred dollars in addition to the income of the Amory Fund.

Respectfully submitted,

ALBERT K. TEELE,
SAMUEL COOK,
J. B. BADGER,
GEORGE K. GANNETT,

Cemetery
Committee.

 SIMEON EMERSON, }

GENERAL SUMMARY AND REMARKS.

RECEIPTS.

THE receipts for the fiscal year ending Feb. 3, 1868, are :— for amount raised by taxation and overlayings, \$31,596.90—for amount received from the State for State aid and Corporation tax, \$11,117.16—for money hired, \$22,925.00—for State and County taxes, \$23,182.45—from all other sources, \$989.79. Add to this sum, \$11,974.04, balance in the Treasury Feb. 4, 1867, and the total amount of assets for the year is \$101,785.34.

DISBURSEMENTS.

The disbursements have been :—for orders on the Treasurer for payment of bills, \$26,801.84—for State and County taxes, \$23,182.45—for notes, interest and policies, \$40,506.74—amounting to \$90,491.03; leaving a balance in the Treasury of \$11,294.31.

TOWN DEBT.

At the commencement of the fiscal year, the indebtedness of the town was \$28,406.98; of this sum \$10,929.32 has been paid during the year, leaving the present debt of the town \$17,477.66. There is also a balance of \$664. due from the State of the amount of State aid paid by the town, 1866; as this balance has not yet been adjusted, it is not brought into this account. This sum deducted, would make the town debt \$16,813.66.

SCHOOLS.

The appropriation for schools was \$10,000.00 At the suggestion of some gentlemen of the School Committee the outlays on school houses, grounds, &c. have been separated from the general expenditures and shown under the heading of "Repairs

on School Houses, Yards, &c." The amount of expense for schools exclusively, is \$9,826.57—on repairs of school houses, &c., \$361.74; making the amount expended on account of schools, \$10,188.31. In the general recapitulation on page 36, the expenditure for schools appears as \$10,200.25. This discrepancy was not discovered until the printing had advanced too far to be altered. The error probably arose from transferring to its proper place, some item found in the school account that did not belong there.

STATE AID.

The amount of State Aid paid by the town in 1866, was \$4,464.00; of this sum the State has paid \$3,800.00, leaving a balance yet due, of \$664.00, for that year. The State has also paid \$81.28 of the balances of previous years. The payments for 1867 amount to \$2,104.00. This sum is now due from the State.

HIGHWAY DEPARTMENT.

As the number of Surveyors, at the last March Meeting, was increased from three to seven, it became necessary to make a new division of the highways. The Surveyors, therefore, at an early day, held a meeting, at which they agreed upon the division presented in the Report. This division was believed to be as nearly equal as the condition of the roads would admit, having reference to extent and amount of repairs required. And as no special appropriation for highways was made by the town, they agreed to limit the amount of outlays to the sum of \$5,000.00, equally divided. The expenditure of each section appears under its appropriate heading in the Report, by which it appears that in the aggregate they have not exceeded their self-imposed limits.

POOR DEPARTMENT.

It becomes our sad duty to report the death of the Superintendent, Mr. Elbridge Jones, which occurred in November. Mr. Jones was connected with the establishment under the former Superintendent, for about three years; and on the resignation of that officer, the Overseers thought him a suitable person for the office. In this opinion they were not mistaken, for Mr. J. proved

to be a faithful and efficient officer ; and under the united charge of himself and wife, all the concerns of the establishment have been judiciously managed, and his loss is much regretted. Since his death the matron has continued in charge of the house, assisted by Mr. S. A. Tucker in the out-door affairs. At the recent inspection of the premises, it was evident that the same good management, reported in previous years, had been continued. The neatness and order, apparent throughout the whole establishment, were highly creditable to the matron. The expenses of this department are in excess of previous years, but this is accounted for by a portion of the salary of the Superintendent for last year being brought into the account for this year ; and also in consequence of bad weather, and the sickness and death of the Superintendent, a less amount of labor was performed.

The estimate of appropriations appended to the Report was made in concurrence with the Selectmen, and it is believed that they will be amply sufficient to meet all demands upon the town for ordinary expenditures, and also for reasonable contingencies. We think it should be the policy of a town, first, to elect responsible agents, of sound judgment and undoubted integrity, and then place at their disposal ample appropriations. For it does not necessarily follow that if an appropriation should be in excess of the amount required, it must be expended.

As has heretofore been the custom, we have endeavored to exhibit *minutely* the expense of each department under its appropriate heading, that the citizens might at a glance see how the funds have been expended. This is a slow and difficult task, as not unfrequently, in the process of dissection, items will be found in the same bill properly belonging to several different departments.

Respectfully submitted, in behalf of the Auditors,

J. FAIRBANK.

ESTIMATE OF APPROPRIATIONS FOR 1868.

Amount for Schools	\$10,000.00
“ “ Poor Department	3,000.00
“ “ Highway “	5,000.00

	<hr/> \$24.75		

Nearly half of the sum appropriated to the use of the Cemetery for the current year, has been expended in permanent improvements. A small building has been erected on the grounds of the Cemetery, to be used as an office for the Committee, and as a depository for tools. Places have been prepared, and posts erected, for fastening

horses. At the front entrance the regulations adopted by the town, have been placed in a permanent and conspicuous position.

After this necessary work, the Committee had about two hundred dollars remaining, to be used for the purposes of the year; this they have endeavored to appropriate to the best advantage. The whole territory, including all private lots not attended to by the owners, has been twice mowed and cleared of grass and weeds. In the spring, all the avenues and paths were hoed, raked and rolled. The young trees and shrubs were carefully cultivated; the soil loosened and the grass removed. Again, in the fall, the avenues and paths were thoroughly cleaned, and the leaves were removed from the lots and grounds. Much work has been done on private lots, for which the Committee have received only what they have paid the laborers.

The Committee would be glad to lay out a great work for the next year.

In order to render a large number of lots, lying near the "old cemetery," suitable for sepulture, the drain, already begun, must be completed; and this makes the removal of the wall necessary, to furnish material for the drain. The gate and gateway at the rear entrance must be renewed in the spring. That portion of the fence, between the Cemetery and the estate of D. Pierce, Esq., for which the Cemetery is responsible, consists of slight cedar poles, which are already giving way; this should be replaced by a substantial fence or wall, before the lots abutting thereon are so occupied as to render the work difficult. New avenues and paths need to be opened, and ornamental trees and shrubs should be planted in lots reserved for ornament.

The Committee *particularly request the proprietors of lots to mow and put in order their lots, on or before Monday, June 21st, and on or before Monday, Sept. 13th*; after these dates, the Committee, presuming it to be the wish of the proprietors, will have all neglected lots put in order, charging for each lot the sum of *one dollar*.

The Cemetery is commended to the attention and regard of the citizens. By a moderate annual expenditure, we may render this sacred resting place of our dead, beautiful, in its quiet rural simplicity.

For the necessary work of the ensuing year, the Committee respectfully recommend an appropriation larger than that of the last year.

Respectfully submitted,

A. K. TEELE,
G. K. GANNETT,
S. L. TUCKER,
J. SIAS,
S. GANNETT,

} Cemetery
Committee.

REPORT OF COMMITTEE ON MILTON AND HYDE PARK BOUNDARY.

The Committee appointed at a special town meeting to consider the question of boundary between Milton and Hyde Park, and to protect the interests of the town, beg leave to report:—

That they have given careful attention to the duty assigned them, and have succeeded in locating the line of Hyde Park along the ridge of the hill, in the rear of Brush Hill road; ceding to Hyde Park from four to six hundred acres of the territory of Milton, but retaining in Milton all the inhabitants of Brush Hill, with a part of their lands.

The Committee were assured that the magnitude of the interest in question warranted the use of the most efficient means.

Immediately on their organization they took means to secure the best helpers, and together with these, for a period of three months, they prosecuted the work until the result above named was reached.

The Committee cannot but congratulate the town on this happy and successful issue. Though at a somewhat large expenditure, they have saved to the town the inhabitants of Brush Hill and their beautiful territory.

The Committee also take pleasure in stating that a generous sum was raised by the residents of the disputed territory, and appropriated for expenses, not appearing in the account herewith presented.

IN accordance with custom, the Auditors made their annual examination of the Almshouse, and report with great pleasure that the affairs of the establishment, under the charge of Mrs. Elbridge Jones as Matron, and Mr. A. Pratt as out-door Superintendent, are in a flourishing condition. Neatness and good order pervade the whole establishment, and the Town has every reason to be well satisfied that the administration of affairs is in such reliable hands.

They also report that they have examined the books and accounts of the Treasurer, and find them correctly kept and properly vouched.

		\$4,119.64

NOTE.—Many of our citizens expressed a desire to have the streets lighted, and were willing, in order to try the experiment, to furnish the lamps, if the Town would provide the means of lighting. Where lamps have been furnished in a continuous line, the Selectmen have caused the same to be lighted at the expense of the Town, until the March meeting, then to await the action of the Town.

	1,321.57
Balance in hands of Committee	4.20
	<hr/> \$1,325.77

Most of the appropriation has been expended in those permanent improvements suggested by the Town.

The expense of the front wall and gates was \$385.00. The removal of the side wall, and the construction of the wall and gate-

way at the rear entrance, with the removal of stone and soil necessary for this purpose, amounted to \$390.00. The expense of two hundred and fifty feet of tile drain laid in the New Cemetery, was about \$60.00. The rest of the appropriation has been expended in the care of the avenues, trees, shrubs and lots.

The work for the next year is easily suggested.

The wall at the rear entrance should be finished to the southern boundary of the Cemetery, and gates should be provided for this entrance.

Measures should be taken to lay the wall between the Cemetery and the estate of D. Pierce, Esq. A part of this work must be done in the winter; when, with the consent of Mr. Pierce, the stone may be brought over his land, and be ready for the work in the spring. The wall on the eastern boundary of the New Cemetery, directly in the rear of the old Cemetery, is in a dilapidated state, affording only a slight protection from the intrusion of cattle upon our grounds. This wall should be relaid in a permanent manner; a part of the stone necessary for this purpose has been placed upon the ground.

It affords the Committee much satisfaction to announce to the Town, that our fellow citizen, Charles S. M. Churchill, Esq., the owner of the adjoining lot, has generously given the necessary land for straightening this wall, in order to bring it in line with the wall of the old Cemetery, from which it now deviates fifteen feet.

The Committee recommend that the Town take measures to receive on trust, money appropriated by individuals for the perpetual care of Lots in the Cemetery. Some have already made this provision in anticipation of the action of the Town; many will avail themselves of such action, that, when they pass away, the sacred spot where they repose may ever receive careful attention.

The Committee also recommend a modification of the Third Article of the Regulations of the Cemetery, so as to make a residence of five years in the Town, necessary to the right of the head of a family to a Lot in the Cemetery, free of expense.

A history of the Cemetery, prepared by the Committee, may be found on a subsequent page.

Respectfully submitted,

A. K. TEELE,

For the Committee.

THE Auditors herewith present the thirty-third Annual Financial Report of the Town. They have carefully examined all the bills presented to them, and, as far as was practicable, reported them under their appropriate "Headings"—separating ordinary or Current, from Contingent or Extra Expenditures. The classification would have been more perfect in the Department of Highways, had the bills specified more generally the locality and nature of the labor. Much work has been done upon the roads, and the outlay has been great. But a heavy portion of it was upon structures that will not require frequent expenditures for their support.

The Almshouse has been under the charge of the same persons as during the previous year—Mr. A. Pratt as out-door Superintendent, and Mrs. E. Jones as Matron. At the annual examination of the house, we were gratified to find a continuance of those evidences of good management and of the Matron's fitness for the place, so favorably reported last year.

In the report of the "South School," the item in Incidentals—"1 wood pump, \$39"—should be omitted, and placed in that of the North. (*Nobody* is to blame, but the error would not have occurred if the bill had been marked "North School.") The *North* has no desire "to pump," or place unjust burdens upon the *South*.

Respectfully submitted, for the Auditors,

J. FAIRBANK.

HISTORY OF MILTON CEMETERY.

Through the kindness of the Town Clerk, Jason Reed, Esq., the Cemetery Committee have obtained the following facts and documents, affording a full and authentic History of the Cemetery; beginning ten years after the incorporation of the Town (1672), and extending to the year 1870.

In order to preserve these statements in a connected form it is decided to insert them here; retaining in all cases the ancient phrases and spelling.

As no movement seems to have been made to secure a common Burial Place in Milton until ten years after the incorporation of the Town, it follows that those who resided within the limits of "Unquity" [a contraction of Uncataquisset, the old Indian name of Milton] before and after incorporation, must have buried their dead in Dorchester, or by common consent have appropriated one or more places for this purpose within their own limits.

At this time, there doubtless were settlements at different points along the principal roads, and several hundred inhabitants. Twelve years after incorporation, the Records give one hundred and twenty-five tax-payers, from which may be inferred, a population of from four to eight hundred or more; it is hardly probable that their only place of burial was the distant cemetery in Dorchester. The supposition is, that the inhabitants had been using the field of Reedman [afterwards Redman] for this purpose, and thus were led to fix upon this place as the common Burial Ground. This is the belief of some of our oldest citizens.

The first notice found in the Records respecting the "Burying Ground" is as follows.

"The 24 Feby. 1672. Robert Reedman was allowed to be payedd out of the towne Rate tene shillings to pay for forty rods of Land for the Burying Place apprised and staked out by Anthony Gulliver, William Blake Robert Babcock. Robert Reedman being present and consenting thereto—and was agreed betwixd the Towne and Robert Reedman that the towne should fence out this forty rods of land, with a sufficient stone wall, within two years, from Robert Reedman's land." (Town Records, vol. i. page 1.)

The above mentioned lot was about six rods in width on the road, and extended back about seven rods to the rear, or southerly side of the range of Tombs now in the central part of the ground, the most westerly Tomb in the range being in the southwesterly angle of the Lot. These Tombs are the oldest in the ground, and are supposed to have been built about the year 1719, the town having voted at the March Meeting of that year, "That Capten John Billing shal have liberty to build a tomb in our Burying Place at the Direction of the Selectmen."

The ministerial Tomb was probably built in 1729; it having been voted at the March meeting of that year, "That Mr. Oxenbrig Thacher should have liberty to build a Tomb in our burying Place for the Rever^d Mr. Peter Thacher his Father deceased, and that Lieut. Henry Vose and Mr Benjamin Fenno should order the place for said Tomb where there may be convenient room."

This Tomb was not built on the Reedman Lot. At, or previous to, this

time a small addition was made on the easterly side, where the Ministerial and Receiving Tombs now are, by taking some ten or twelve rods from the Lot now owned by Mr. C. M. S. Churchill—at that time owned by Samuel Henshaw; but of this there is no record.

As early as 1699 attempts were made to enlarge the Burying Place; and in that year a committee was chosen—"to treat with any person that shall appeire to be the tru owener of the burying place fild as it is commonly called, for the obtaining an addition of land necessary to enlarge our burying place, or to treat of a price for the whole tracte, and to make their return to the Town at the next town meeting."

The "burying place fild" is supposed to be all that part of the Amory Lot recently purchased of C. Breck and T. Hollis, Jr., which lies northerly of the old line of wall where the land begins to slope off to the swamp or low ground. Nothing appears to have grown out of this attempt to enlarge the ground, unless perhaps the small addition, where the Receiving and Ministerial Tombs now stand, may have been made at this time.

Attempts to enlarge the ground were made again in 1734, 1738, 1749, and 1751, but without success, the owners of the adjoining land [Samuel Henshaw and William Foye] declining to sell.

FIRST ENLARGEMENT.

In 1760, Madam Elizabeth Foye, and others, conveyed to the Town by a deed of Gift, half an acre and six rods of land, to enlarge the Burying Ground. The only notice of this grant to be found upon the Records or files of the Town is as follows:

At a Town meeting held July 7, 1760. "Voted to choose a committee to take security of Mrs Elizabeth Foye of a piece of land joining our Burying Place. Samuel Miller Esq. Benjamin Wadsworth and Mr Josiah How was chose a committee for the above said purpose; Voted that the same committee return ye hearty Thanks of this Town to Mrs Elizabeth Foye for a grant of a piece of land to enlarge our Burying Place."

The original Deed is lost. The following is a copy of it, taken from the Suffolk Records, Lib. 97, Fol. 132.

Know all men by these presents, that we Elizabeth Foye, widow, Elizabeth Foye, spinster, and Mary Cooper, widow, all of Milton in the County of Suffolk, from a Regard to the Inhabitants of the said Town of Milton, and in consideration of the sum of one shilling paid us do Give, Grant, Bargain and Convey unto the said inhabitants half an Acre and six Rods as staket by Mr How of Land in Milton aforesaid, heretofore the Estate of Wm. Foye Esq. deceased the same lying between the now Burying Ground in said Milton, and Land lately sold to Mr Josiah Howe of said Milton.

To have and to hold the said half an Acre and six rods as staket by Mr How, of Land unto the said Inhabitants for a burying Ground forever.

In witness whereof we hereto set our hands and seals this first day of September, in the thirty-fourth year of his Majestys Reign, Annoque Domini 1760.

Signed, Sealed and Delivered
in presence of
Benjamin Fessenden
Mary Babbidge

Elizth Foye and a Seal.
Elizabeth Foye Jun^r and a Seal.
Mary Cooper and a Seal.

The six rods between the 6 & 7 line
as also between the 11 & 12 line was
done before signing.

Suffolk ss. September the first A.D. 1760 Elizabeth Foye, Elizabeth

Foye and Mary Cooper personally appeared and acknowledged the above Instrument to be their deed. Sam^l. Miller, Jus. Peace.

Feb^y. 4, 1762. Received and accordingly Entered and Examined
Pr Ezek^l Goldthwait Reg^r.

The Foye lot is situated on the westerly and southerly sides of the Reedman lot, being bounded westerly by the easterly side of the Central Avenue of the present Ground [Old Cemetery], and extending back some six or seven rods in rear of the Reedman Lot.

At the time of the above enlargement the Ground had become filled with graves, and the supposition is that a few burials had already been made upon the Foye Lot.

SECOND ENLARGEMENT.

The next enlargement was made Sept. 15th, 1794, by the purchase of three quarters of an acre of land at the rate of 24 Pounds per acre; viz.: half an acre and twenty-two and a half rods from the heirs of Deacon How, and seventeen and a half rods from Col. Joseph Vose.

The How Lot is directly in the rear of the Foye Lot, extending back nine rods to the present southerly bounds of the Old Cemetery, and includes also a strip of land ten feet wide on the westerly side of the Burying Ground, "to be reserved for a lane"—which lane is now the Central Avenue.

The Vose Lot is a strip of land about a rod wide on the easterly side of the Foye and How Lots, which was reserved for and is now occupied by Tombs.

THIRD ENLARGEMENT.

April 21, 1837. Francis Amory, Esq. "in consideration of one dollar and divers other good causes" conveyed to the Town of Milton for the purpose of enlarging the "Graveyard" of said Town a Lot of land adjoining the same, containing by estimation one acre and one quarter. This embraces that tract lying between the Central Avenue and the wall recently removed.

FOURTH ENLARGEMENT.

Dec. 11, 1854. The Town purchased of Charles Breck and Thomas Hollis, Jr., eighteen acres and one hundred and sixteen rods of land for the sum of \$1,804.00. This tract lies in the rear and on the westerly side of the Old Cemetery, embracing all of the "Burying place field" and extending through the swamp and over the opposite hill. This new Lot, being long and narrow, and reaching an inconvenient distance from the main entrance, required an additional avenue to the highway; hence the

FIFTH ENLARGEMENT.

April 21, 1858. Joseph McKean Churchill, Esq. "in consideration of the sum of One Hundred and twenty-five dollars, and from love and affection for my native town and the inhabitants thereof, in order to furnish a convenient access to the New Cemetery lately purchased and laid out by said town," conveyed to the Town a lot of land on the easterly side of Gun-Hill Road, containing one acre, and opening the southern part of the Cemetery to Gun-Hill Road.

SIXTH ENLARGEMENT.

For the purpose of straightening the wall on the easterly side of the Cemetery, and bringing the wall of the New Cemetery in line with that of

the Old Cemetery, C. M. S. Churchill, Esq. "from regard to his native town and in consideration of one dollar," has conveyed to the Town the necessary amount of land, by Deed Feb. 10, 1870. The whole amount of land now embraced in the Cemetery is as follows:

By survey of Thomas Crehore,	1794,	1 acre, 2 quarters, 18 rods.
Amory, Grant,	1837,	1 acre, 1 quarter.
Town purchase,	1854,	18 acres, 2 quarters, 36 rods.
J. M. Churchill, Grant,	1858,	1 acre.
C. M. S. Churchill, Grant,	1870,	8 rods.

Total, 22 acres, 2 quarters, 20 rods.

Here follow a few cases of the action of the fathers for the protection and care of the Burial Place.

1689. "At the Selectmen Meeting on the 9th day of December 1689, we agreed with Enoch Badcock to procure bords and nails, aud to fence in our burying place, he using the posts allready brought to place for the same use, he being to procure and do as above sd. at mony price, and we do Ingage to pay him the said Badcock in Oates at twelve pence pr bushill, Indian Corn at tow Shillings pr bushill, ry if any, at tow Shillings pr bushill, it is to be understood that the sd. Badcock is to be paid for his stuf as soon as it is brought to the place, before he sit it up." Vol. i. page 104.

1697-8. "At a Town meeting held March 25, 1697-8 Edward Vose Samuel Miller and John Fenno Junr, were chosen a Committy to agree with and to procure two sides of the burying place fenced with a good sufficient Stone wall of four feet and a half hye, and to fence the other two sides for the present with the ould posts and bords already there."

1761. "Voted, That Mr Josiah How improve our Burying Place for the space of five years, by feeding of sheep to subdue the bushes and briers that are therein." Vol. ii. page 286.

Respectfully submitted,

A. K. TEELE, for Committee.

TOWN STATISTICS.

Books and stationery	27.26		<u>40.15</u>
Incidental expenses	68.75		
	<u>626.14</u>	Total	<u>\$10,540.64</u>
Amount of Appropriation		\$10,000.00	
" from State Fund		222.02	
		<u>\$10,222.02</u>	
Amount expended		10,540.64	
		<u>\$318.62</u>	
Excess above appropriation			

It will be noticed that the Expense of Books is unusually large this year, but it arose chiefly from an exchange of Warren's and Cornell's Geographies for Guyot's Series, in all the schools. There is a small credit to this account, as seen in the Assets of the Town, of \$31.58, from discount on bill of books, and from the sale of a few.

NEW SCHOOL HOUSE.

West School.

Paid J. H. Burt & Co., building house and cellar	\$6,000.00

	\$2,975.95

The large appropriation of the year has enabled the Committee to accomplish a great amount of work.

On the eastern boundary thirty-three rods of heavy wall have been laid, with a granite capping, and an embankment on the Cemetery side. About ten rods of the old Cemetery wall, in line with this, should be relaid in the same manner; and a less expensive wall or fence of seventy rods, or more, along this whole eastern boundary, must be built, from time to time, as the appropriations may allow.

On the western boundary, at the entrance, eight rods of face wall have been laid, and much has been done to improve this entrance.

Along the boundary between the Cemetery and the estate of Mr. Pierce, the fence has been removed; the foundation for thirty rods of wall has been prepared: and as the stones for this wall can be drawn only in winter, the Committee have ordered them to be delivered on the ground before spring.

The hill in the southern part of the New Cemetery has been cleared and made ready for laying out avenues and lots.

To obtain muck for use in the Cemetery, the excavation of the Pond has been commenced.

Much time has been occupied in keeping in order the avenues, paths and lots.

As all the available lots in the southern part of the Cemetery are occupied, it will be necessary to open the avenues and lots on the hill now cleared, in order to meet the demand of the citizens.

Twenty-five lots have been taken during the year, and much interest in the Cemetery has been manifested. We commend it to the citizens, believing that, though we cannot expect or wish to equal the expensive attractions of larger grounds, yet for natural fitness and beauty our Cemetery is not surpassed.

To attend to the general work of the Cemetery, to open avenues and lots, and to build the necessary walls, will require an appropriation equal to that of last year.

A. K. TEELE,	} Cemetery Committee.

According to the usual custom, the Auditors have visited the Almshouse, and were pleased to find that the neatness and orderly arrangement of the house have been maintained, as under the supervision of the previous matron.

They have also examined the Treasurer's Book, and find his account correct and properly vouched.

Respectfully submitted,

\$2,463.01

The Trustees of the Cemetery respectfully report, that they have endeavored faithfully to attend to the duties required of them in the care of the Cemetery during the year.

The necessary expense and care of lots and avenues increase yearly as new avenues and lots are opened.

The avenues throughout the Cemetery must be thoroughly cleaned and raked three times every season; some parts require labor every month. This work has received special attention.

The Trustees have caused the whole territory, including all the lots, to be mowed twice at the expense of the town. Those lots for which the proprietors pay the sums fixed for the annual and perpetual care of lots, are mowed and clipped every fortnight during the season; and are kept in order from spring till winter.

Cedar Avenue, extending from the valley to the top of the hill in the southeastern part of the Cemetery, has been completed. Great care has been taken in the excavation and in the filling of this avenue, to insure, if possible, a solid and comfortable passageway up the hill.

All the avenues and paths in that part of the Cemetery lying between this new avenue and the old one extending to the western side, have been marked out, and can be finished as lots are called for.

On the southern boundary between the Cemetery and the estate of Mr. Pierce, thirty rods of heavy wall have been laid, fifteen rods of which are of granite blocks, faced and pointed on the Cemetery side.

The work on the boundary line must be continued from time to time, as the appropriations may allow.

About ten rods of wall, on the eastern side of the old Cemetery, in the rear of the tombs, should be relaid to correspond with the new wall laid last year.

As Cedar Avenue opens a new passage over the hill to accommodate travel, the old avenue, which is washed and gullied by every shower, should be made anew, and be furnished with suitable gutters.

The Trustees desire to call attention to the provision made by the town for the annual and perpetual care of lots, and to inform the citizens that they are now prepared to carry out the plans of the town.

The price for the care of lots is fixed, for the present, as follows:

Annual care, with flowers furnished	\$8.00
“ “ without flowers	5.00
Perpetual care, with flowers, not less than	125.00
“ “ without flowers, not less than	60.00
Perpetual care with monuments and head-stones, &c., according to the nature of the structures.	

In the necessary care and gradual improvement of the Cemetery for the ensuing year, the Trustees think there will be need of a sum equal to the last appropriation.

TREASURER'S REPORT.

Receipts.

Balance in hands of Treasurer, Feb. 17, 1871,	\$727.36
Town appropriation	1,200.00
From Geo. B. Cary, Esq., (donation)	20.00
“ sale of catalogue75
“ Librarian for fines	69.38
	\$2,017.49

Three hundred and forty-seven volumes have been added since the catalogue was issued; of which a list is about to be printed for the benefit of the citizens.

The wide circulation of books through the community, and the habit of reading on the part of hundreds who for the first time have access to a well-selected library, are among the most interesting features, and the richest fruits of our Public Library.

JAMES M. ROBBINS,
For the Trustees.

Decrease of Town Debt		

The Auditors herewith respectfully submit the Thirty-fifth Annual Report, being a statement of the receipts and expenditures of the town for the year ending Feb. 5, 1872. It contains, also, the usual Town statistics, and a list of the tax-payers and taxes, for the year 1871.

The expenditures for the Highway and Poor departments have formerly been so connected, that it has been impossible to give their cost separately; it was expected that the new system adopted by the Town at the last March meeting, would enable the Auditors to give the amounts expended for each of these department under their respective heads; but they are still somewhat connected, and the expense of each cannot be correctly given, until the Highway department is carried on entirely independent of the Poor Farm.

The expense at the Farm has been charged, and the labor performed deducted, in the usual manner; and the depreciation in

the value of the stock and tools, and the wintering of the horses, which are now being kept at the farm, charged to the cost of support of poor in the Almshouse. These expenses justly belong to the Highway department.

In making the appraisal of the stock and tools, the Auditors have used their judgment, as to the present value of the property, without regard to the cost.

The usual examination has been made in the Almshouse, and the Auditors state, with pleasure, that the neatness of the inmates, and the general good order that prevails, are plain indications of good management.

We have examined the books and accounts of the Treasurer, and find them correct with proper vouchers. We have also examined the accounts of the other officers, having charge of the finances of the town, and find proper vouchers for all moneys expended.

GEORGE VOSE, }
GEORGE K. GANNETT, } *Auditors.*

Milton, Feb. 1872.
